

## Ciudad International Airport

### New Airport Opening

Catch Carp Spain is pleased to be able to tell its clients that the new Ciudad Real International Airport will be open before the end of this year which should mean cheap budget airline flights from the U.K. starting the beginning of next year.

This will reduce travelling time from the airport to Catch Carp Spains' base on the banks of the Orellana to just over an hour.

For further information keep an eye on our News Page as we will keep you posted on developments regarding flight schedules.
